

Why is our Emergency Department so busy and what can we do about it?

A presentation by an A&E doctor and panel discussion

Connections between our corridor, the council and the community

ALL WELCOME!

Wed 29th April 2020

18:30 - 20:30

St Augustine's Centre

Junction of Stanford Ave/Florence Rd

Brighton BN1 6EA

Please book your **free** place at <https://ppark.eventbrite.co.uk/>

If you have a smart phone, you can photograph the graphic below to be taken to the booking website.

Dr Phil Rankin has worked at the Royal Sussex County Hospital for the past 5 years. Dr. Rankin says "things are definitely getting busier and we need to understand why."

What happens in the Emergency Department is delicately linked to the rest of our health & care system. With **a talk and panel discussion**, the evening will explore how we build on these connections, understand our local populations, and use the strengths of our communities to support more care closer to home.
